This action is in response to the amendment filed 4/26/03.

Information Disclosure Statement

1. The information disclosure statement filed 4/26/05 fails to comply with the provisions of 37 CFR 1.97, 1.98 and MPEP § 609 because the references are in a foreign language. The IDS statement lists the three documents as having English abstracts. However, although the titles are in English, the abstracts are in German. It has been placed in the application file, but the information referred to therein has not been considered as to the merits. Cited reference document US 2003/0072198 has been considered. Applicant is advised that the date of any re-submission of any item of information contained in this information disclosure statement or the submission of any missing element(s) will be the date of submission for purposes of determining compliance with the requirements based on the time of filing the statement, including all certification requirements for statements under 37 CFR 1.97(e). See MPEP § 609 ¶ C(1).

Reasons for Allowance

2. Claims 1-7 are allowed.
3. The following is an examiner's statement of reasons for allowance:

Claim 1 includes the limitation for forming a semiconductor structure where a first hard mask is used to form rows and columns of trenches in a semiconductor substrate, the

hard mask is receded (etched back), isolation trenches are formed in the substrate using a second hard mask, where the isolation trenches divide the first hard mask into strip sections. This limitation, in combination with the other limitations of claim 1 is not taught or suggested by the prior art of record. Pohl (US 20030045051A1) and Goldbach (US006873000B2) form structures similar to that of the instant application, but do not teach or suggest using a second mask to form isolation trenches through a first mask in a substrate containing trenches to form strip sections.

Claims 2-7 are allowed as being properly dependent upon allowed claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
